*   All painters are artists.

Some magicians are artists.

So, some magicians are painters.
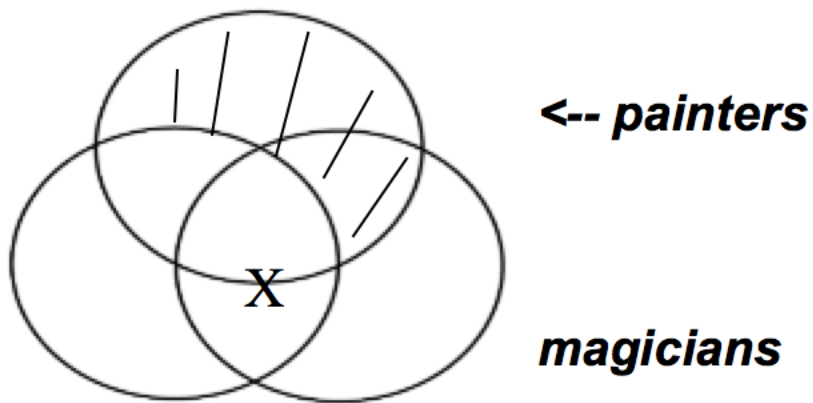

<-- painters

All painters are artists. [lines]

magicians   **Some magicians are artists.**

artists

(X must go ON line!]

*   can we conclude that some magicians are painters?

    *   NO, INVALID: "we have no way of knowing from the information given whether the magician-who-is-an-artist is ALSO a magician-who-is-a-painter."
